# OUR MISSION

At Country Space, our vision is simple yet powerful: to safeguard British farming and preserve rural landscapes by reinvigorating estates with sustainable, event-based revenue. In a time when the farm-to-fork model faces unprecedented challenges, our approach offers a meaningful lifeline—supporting local agriculture while creating unforgettable event experiences.

We believe events can do more than entertain—they can revive communities, empower local suppliers, and reshape the way we value rural venues. By fostering partnerships that prioritise sustainability, community engagement, and economic accessibility, we are redefining what it means to host with purpose

## ECO FRIENDLY & SUSTAINABILITY

# MEETING ESG GOALS

Today's companies are expected to show real commitment to sustainability, not just talk about it. Choosing a Country Space venue turns your event budget into direct support for British farms—providing immediate, meaningful income that helps protect landscapes, biodiversity, and rural livelihoods.

Hosting your event in the countryside isn't just a change of scenery; it's a values-led decision. Nature-forward spaces inspire teams, reduce environmental impact, and demonstrate genuine ESG action.

Alongside our corporate work, we also welcome wedding planners, event professionals, and independent creators. Our blank-canvas venues are designed to be flexible and accessible, opening the countryside to anyone who wants to build something memorable, purposeful, and connected to the land.

# PACKAGES

When teams step into the countryside, something shifts. The noise drops away, the horizon opens, and people reconnect—with themselves, with each other, and with the ideas that matter. Our Country Space packages are crafted to harness that magic, setting your team up for a day where clarity comes easily, creativity flows, and connection feels natural.

Whether you're gathering for a focused offsite filled with fresh thinking or an energising away day designed to motivate and bond your team, the countryside becomes your catalyst. Out here, the air feels lighter, the mind feels sharper, and nature quietly brings out the best in every individual.

This is where teams breathe deeper, think bigger, and return renewed.

£1340

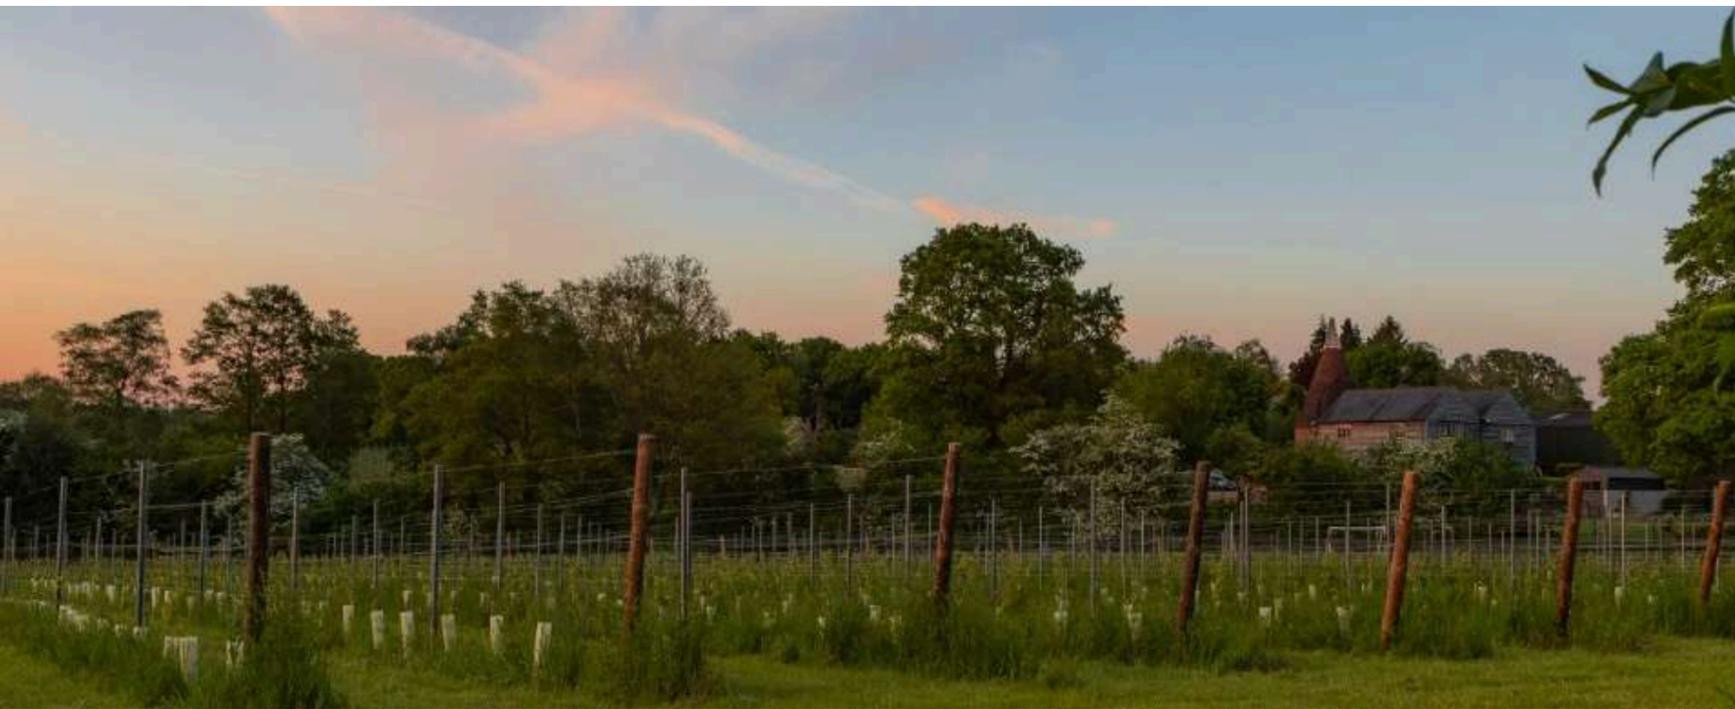

# COUNTRY SPACES

Every Country Space venue is more than a backdrop—it's a force for good. Our rural locations serve as vital threads in the fabric of both local communities and the nation at large. By lowering hire fees and prioritising local suppliers, we're opening doors for more inclusive events while fostering community resilience and economic revival.

Whether you're planning an intimate retreat or a large-scale celebration, our venues offer expansive fields perfectly suited for marquees and outdoor gatherings—bringing people together under wide skies and shared values.

# THE VINEYARD

Driven by a deep-rooted passion for the land, we set out to breathe new life into our overgrown vines and surrounding farmland—uncovering the quiet magic that had always lived beneath the surface. From the very beginning, our mission has been clear: to farm responsibly and sustainably, always in harmony with nature and the local community.

Today, our farm is a thriving tapestry of ecological richness. The blossoming orchard, buzzing beehives, vibrant wildflower meadow, serene lake brimming with wildfowl, and flourishing wildlife habitats stand as living proof of our enduring commitment to environmental stewardship and regeneration. Why not arrive on the local steam train from Tunbridge Wells West Station to really impress your guests,

# THE FOREST

We are passionate about protecting the local environment, sustainability and reducing our environmental impact. We are a Pending B Corp – a formal commitment to positively impact our staff, the local community, our customers and our planet.

An impressive Glasshouse for 50 people or use the marquee field for 100 in the day time. Small workshop and BBQ areas for guests to enjoy.

The Glasshouse offers a real wow factor, during the winter we offer closed wood burners to keep guests cosy.

# THE VIEW POINT

Unwind, restore, and rediscover calm as you escape to the gentle embrace of nature. Nestled within an area of outstanding natural beauty and surrounded by a blooming wildflower meadow, our glamping retreat offers a harmonious fusion of luxury and the great outdoors. It's the perfect sanctuary to quiet the mind, soothe the soul, and recharge in peace.

Set on Kent's oldest asparagus farm, this unique space is more than a getaway—it's a living legacy. By choosing to stay here, you're helping to preserve a cherished part of local history and support sustainable land stewardship for future generations.

# THE WATER MILL

Set amidst the serene beauty of the River Eden, Coltsford Mill is a truly distinctive venue, celebrated for its bespoke weddings and warm, family-run ethos. Our dedicated events and catering teams work hand-in-hand with each couple, offering personalised guidance throughout the planning process to ensure every detail reflects their vision.

Steeped in history, the mill is recorded in the Domesday Book and features a beautifully preserved display within the venue—offering a stunning and memorable focal point for your celebration. Beyond its charm, Coltsford Mill contributes meaningfully to the purity of the River Eden's waters, adding an eco-conscious element to its legacy.

Whether you're seeking rustic romance or timeless refinement, Coltsford Mill invites you to craft a day as unique as your love story.

# HIDDEN SPRINGS

We're situated on a 23 acre small-holding in Horam, just outside Heathfield, in the heart of East Sussex.

The vineyard was originally established in 1986 and experienced many years of successful, high-quality wine production, providing award-winning wines across the country.

In the mid 2000s the vineyard was converted to a campsite and continued to draw people to Horam.

However, in 2015 the vineyard was expanded, removing the remains of the campsite and planting over 24,000 vines of 5 different varieties across 13 acres into the vineyard you see today.

# RYE ISLAND

For teams seeking something truly unforgettable, Rye Island offers a world of creative possibility. This isn't just a venue — it's a self-contained creative playground, home to House of Hud, the award-winning collective behind Arabian Tents, The Complete Chillout Company, Pearl Tent Company and Wonderland.

Booking Rye Island through Country Space unlocks the rare opportunity to collaborate directly with these leaders in marquee design and immersive space creation. Whether you're dreaming of a floating dome on the water, a beautifully restored vintage bus, or a wide-open field framed by the South Downs, every corner of Rye Island invites you to build an experience that feels original, atmospheric and deeply memorable.

From iconic marquees to bespoke furniture, themed environments and theatrical styling, House of Hud's team brings the same creative magic that shaped Glastonbury's legendary Mad Hatter's Tea Party. The result is a corporate event that doesn't just gather people — it transports them.
